

Pheromones Sales Tool

Today's super sales people take advantage of every marketing tool available. The extra tools could make the difference between an average income as well as a great above average income. A stressed economy creates those tools much more important. Good marketers use each and every tool available to them. The majority of salespeople utilize all the essential tools; personal contact, email get in touch with, fax, mail, etc. However, there is one method that will intensify marketing efforts. It is innocuous but very effective and also can provide an individual an **unfair advantage**.

- This invisible tool can make an individual stand out from some other sales people as well as help close the sale.
- Not too long ago a salesman making a cold call remaining his business card with a potential client.
- That client had received hundreds of other enterprise cards.
- Something sparked that client to make contact with that one salesperson out of all the salespeople who had visited him.

What Made Which Salesperson Stand Out from the Rest of the Salespeople?

That salesperson applied a secret ingredient on the business card to ensure that he would be remembered and sought out. That card created a gun on the client's mind that made that salesperson differentiate themselves from his competition.

- Another situation a restaurant was looking to make up business losses because of a new state law prohibiting smoking in public places.
- Their particular business had dropped about 30 percent because of the bar.
- Patrons did not want to take a seat in the area officially reserved for smokers.
- It was unprofitable loss of revenue from space not being used by diners.
- Again the restaurant used a key element in the former smoking cigarettes area and also patrons replied by dining in the former no smoking area.
- To this day returning consumers ask the first sort smoking section.
- The waitresses tend to be more comfortable because they now get higher tips.
- Interestingly, the restaurant experienced more business than it had before the no smoking ban.

Pheromones Unfair Advantage Alpha Androstenol Pheromones

- The key ingredients were high quality **pheromones**.
- Most pheromones today are composed of possibly Alpha-Androstenol (female pheromone) or Alpha-Androstenone (male pheromone).
- Generally, manufacturers offer a product with one pheromone.
- To be able to make matters worse, the quality of the pheromones offered by some manufacturers may be of poor quality.
- Several manufacturers utilize lower quality pheromones from monkeys or pigs.
- However this pheromone good quality product was more powerful because it contained both pheromones.
- Pheromones can be used to attract the opposite sex.
- However a little known benefit is that they can also appeal to attention and improve trustworthiness.
- The sales results will prove it with increased sales!

The Producer of Pheromones Told Another Restaurant Owner about Their Product

That owner called the pheromones snake oil, B.S., and refused to believe that they could help improve business. When the no smoking cigarettes law came into effect the owner experienced a profound fall operational. Eager to try pheromones to improve business she went back to the pheromone manufacturer to purchase product. The manufacturer refused to sell her pheromones because he felt he had been insulted. In desperation she went to a friend to be able to buy the pheromones, which in turn sold it to her at a premium price. In the long run the pheromones helped her business.

Retrospect we can conclude that pheromones not only have the ability to attract the opposite sex, but they also have the electricity to attract and increase company. Pheromones are the new super sales tool!
