

# 10X: Best Pheromone Product - What is the Best Pheromone Product?

How do you choose the best pheromone products? Let's face it, if you're like me, you want the best pheromone to give you more sex, more dates, and attract more women. It's no secret that alot of these "pheromone" products do not actually work Before you spend your hard earned money on pheromones that might not work, allow me to show you which ones worked for me and which ones didn't do squat.

- This is a somewhat ridiculous claim so I had to test Liquid Trust and experience it first hand.
- Results varied but I did notice a keen increase in women flirting with me, more direct eye contact, and plenty of social interaction.
- I'm not sure in the event that it really makes women feel they can trust you but I did increase their overall attraction to me.
- Alpha-7 Pheromones: Let me start by saying this, Alpha-7 Scented is a very strong and powerful pheromone product.
- The fragrance has a spice and cinnamon aroma making it one of the best smelling pheromones I've used.
- This is the best pheromone for smelling awesome!

Choosing pheromone perfumes in the market, make sure that the product pleases you in the first place. There is no sense of picking a scent whose smell does not define your personality. Also, do not ride in on the fashion bandwagon. Just because this celebrity endorses this signature fragrance does not mean that it works well with your body. We have unique responses to scents, and sometimes, what smells good in other people does not work with us, and what smells good in us may not pleasant when worn by other people. In your visit to the perfume shop, check the product, check whether the scent stays the same after half an hour or so, and decide whether you still like how it smells by then.
